PROFESSIONAL SUMMARY

Senior UI/UX Designer and UI Developer with 7.5+ years of experience designing enterprise applications, government platforms, responsive web products, HRMS solutions, e-commerce platforms, travel booking systems and operational applications. Experienced in information architecture, user flows, wireframing, prototyping, high-fidelity UI, responsive and mobile-first design, reusable design systems and UI development using HTML5, CSS3, Bootstrap, JavaScript and Angular UI integration. Strong in translating business and workflow requirements into clear, consistent and usable digital experiences while collaborating closely with product, business and development teams.

CORE SKILLS

UI/UX:

Information Architecture · User Flows · Wireframing · Prototyping · High-Fidelity UI · Responsive Design · Usability

UI Development:

HTML5 · CSS3 · Bootstrap · JavaScript · Angular UI Integration · Responsive UI

Design Systems:

Reusable Components · UI Patterns · Design Documentation · Visual Consistency · Accessibility & Usability

Tools:

Figma · Adobe XD · Photoshop · Zeplin · Git · WordPress · Jira

Methodologies:

Agile · Scrum

PROFESSIONAL EXPERIENCE

OASYS Cybernetics Pvt Ltd

Senior UI Developer & UI/UX Designer | Mar 2023 – Present

- Designed and developed responsive interfaces across government, enterprise, HRMS, POS, travel and e-commerce platforms.

- Translated business and workflow requirements into user flows, wireframes, high-fidelity interfaces and responsive UI patterns.
- Designed data-heavy dashboards, complex forms, service interfaces and operational workflows with emphasis on clarity and consistency.
- Created reusable UI components, design patterns and scalable interface foundations across multiple products and modules.
- Collaborated with product owners, business analysts, stakeholders and development teams throughout design and implementation.
- Used AI-assisted tools to support research, ideation, prototyping, documentation and front-end productivity.

Pothihai Constructions

UI/UX Designer & Digital Marketing Executive | Feb 2022 – Jan 2023

- Designed websites, landing pages, branding assets, and marketing creatives.
- Created wireframes, prototypes, and high-fidelity UI designs.
- Supported digital marketing campaigns and website management.

Suresh Pet Bottle Scrap Company

Digital Operations & IT Support | Jun 2019 – Jan 2022

- Managed website maintenance, content updates, and digital operations.
- Provided IT support, troubleshooting, maintenance, and backup activities.

Yaabitech Software Solutions

Website Developer | Dec 2018 – May 2019

- Developed responsive websites using HTML5, CSS3, Bootstrap, and WordPress.
- Implemented mobile-friendly layouts and reusable UI components.

SELECTED PROJECTS

U.P. Excise Department Systems

UI/UX design and interface refinement across selected enterprise workflows and modules, focusing on information hierarchy, navigation, data-heavy interfaces, complex forms, status visibility and consistent interaction patterns.

Tamil Nadu Public Distribution System (TNPDS) – Public Portal

Primary UI/UX contribution focused on the TNPDS Public Portal, including service discovery, information architecture, content hierarchy, usability and responsive citizen-facing interfaces.

OASYS Design System & Component Library

Designed and maintained a reusable design system and component library, establishing consistent UI patterns, components and visual foundations to support scalable product interfaces across multiple applications and modules.

OASYS Portal (HRMS)

Designed attendance, leave management, payroll, approvals, employee self-service workflows, and reporting dashboards.

PrimeTrip – Bus Booking Platform

Designed responsive and mobile-first booking experiences including route search, seat selection, passenger workflows, and booking management interfaces.

UPPDS Government E-Procurement Platform

Designed procurement workflows, supplier onboarding modules, e-auction screens, and reporting interfaces.

Co-Optex – Government Online Textile Platform

Designed product catalog, search, cart, checkout, and order management experiences.

OASYS Point of Sale (POS)

Designed billing, inventory, reporting, and operational workflow interfaces.

AI-ASSISTED WORKFLOW

ChatGPT · Microsoft Copilot · Google Gemini · Claude · GitHub Copilot · Figma AI · Uizard · Adobe Firefly · Google Stitch · Prompt Engineering

EDUCATION

B.Sc. Computer Science | Bharathidasan College of Arts & Science, Erode | 2015 – 2018

CERTIFICATIONS

NIIT – Programming in Java

NIIT – Developing Mobile Apps for Android Platform
